ABOUT ME

I am a Computer Scientist, software developer, and researcher with interests in artificial intelligence, machine learning, web technologies, and software development. I enjoy solving problems, learning new technologies, and building practical solutions from ideas. My experience across academic, teaching, research, and software projects has given me a broad perspective on technology and a strong desire to keep learning, building, and contributing to meaningful projects.

WORK EXPERIENCE

Transcosmos (Fossil Group) – Debrecen, Hungary

Customer Success Specialist | Enterprise Application & Customer Support

[01/10/2025 – 01/02/2026]

- Investigated customer, order, repair, and transaction-related issues across integrated enterprise applications, using structured problem-solving to identify relevant information and support timely resolution.
- Worked with **SAP ERP, Salesforce Commerce Cloud, Adyen, and Computop** as part of customer-facing e-commerce and transaction workflows.
- Validated customer, order, repair, and transaction information across systems to maintain data accuracy and identify discrepancies.
- Collaborated with internal teams to investigate complex issues, clarify requirements, escalate cases, and communicate resolution status.
- Developed practical understanding of how enterprise applications, business processes, and customer-facing systems interact within an international environment.

Infolink College of Technology – Nairobi, Kenya

ICT and Programming Tutor

[10/04/2023 – 01/09/2024]

- Supported the development and maintenance of college website using **PHP, JavaScript, HTML** troubleshooting both frontend and backend issues.
- Investigated programming and application issues using structured debugging and problem-solving techniques.
- Provided technical support and guidance to users with different levels of technical knowledge, explaining application behaviour and solutions clearly.
- Developed practical programming exercises and technical materials covering software development concepts and application logic.

Litmed College of Technology – Nairobi, Kenya

IT Technician & Lecturer

[09/09/2022 – 31/03/2023]

- Provided IT support and technical assistance to users, investigating issues and helping maintain reliable day-to-day operations.
- Supported students and other users through technical guidance, structured instruction, and feedback, strengthening collaboration and knowledge-sharing skills.

EDUCATION AND TRAINING

MSc Computer Science

University of Debrecen [09/09/2024 – 26/06/2026]

City: Debrecen | **Country:** Hungary | **Website:** <https://inf.unideb.hu/> | **Field(s) of study:** Information and Communication Technologies | **Final grade:** 4.39/5.00 | **Level in EQF:** EQF level 7 | **NQF Level:** 7 | **Type of credits:** ECTS | **Number of credits:** 120

- *Advanced Software Development in Large Enterprises (MŰZLI)*
- *Advanced Cloud Computing*
- *Data Mining*
- *Algorithms, Cryptography*
- *Models of Computation*
- *Visualization and Visual Analytics*

Thesis: *AI-Driven E-Commerce Automation Using Blazor Web Framework*

BSc Computer Science

Kirinyaga University [28/08/2018 – 10/10/2022]

City: Nairobi | **Country:** Kenya | **Website:** <https://www.kyu.ac.ke/> | **Final grade:** First Class Honors | **Level in EQF:** EQF level 6 | **NQF Level:** 6 | **Type of credits:** Units | **Number of credits:** 58

- *Internet Application Programming & Web Development*
- *Human-Computer Interaction (UI/UX Design Principles)*
- *Software Engineering & System Analysis methodologies*
- *Distributed Systems & Cloud-ready application design*
- *Database Management Systems (Backend Data Pipelines)*
- *Data Structures, Algorithms, and logical problem-solving*

SKILLS

Backend Development

C#, .NET 8, ASP.NET Core, Blazor WebAssembly, REST APIs, Web Services, JavaScript, PHP

Software Engineering & Architecture

Object-Oriented Programming, N-Tier Architecture, Software Architecture, Repository Pattern, Unit of Work Pattern, Data Structures, Algorithms, Systems Analysis, Debugging

Databases & Data

SQL, SQLite, Entity Framework Core, MySQL, Qdrant, JSON, Data Modeling, Data Validation

AI & Intelligent Applications

Retrieval-Augmented Generation (RAG), OpenAI API, Embeddings, Vector Search, Semantic Search, AI Integration

Cloud, Containers & Development Tools

Microsoft Azure, Docker, Kubernetes, Linux, Git, GitHub, Feature Branching, Pull Requests

Application Integration & Real-Time Systems

REST API Integration, Third-Party API Integration, SignalR, Payment API Integration, Asynchronous Communication

Testing & Quality

Functional Testing, Security Validation, Performance Testing, Troubleshooting, Debugging, Application Verification

Web Development

HTML5, CSS3, React.js, Bootstrap, WordPress, Responsive Web Design

LANGUAGE SKILLS

Mother tongue: Kalenjin

English: Listening C1 | Reading C1 | Writing C1 | Spoken Production C1 | Spoken Interaction C1

Swahili: Listening C2 | Reading C2 | Writing C2 | Spoken Production C2 | Spoken Interaction C2

Hungarian: Listening A1 | Reading A1 | Writing A1 | Spoken Production A1 | Spoken Interaction A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user
